My address, phone number, email has changed since last year (list changes on back)

As you know, we have a lot of activities throughout the year to coordinate and execute for this very active pack, in addition to your ongoing den activities. Our pack is very fortunate to have a strong volunteer base, which is imperative to hold these events.

Each family is expected to support the pack by volunteering throughout the year to help the pack function. Scouting is run by the parents of registered scouts. Without parent involvement, scouts will not have an opportunity for scouting. Please log into our website to browse the volunteer needs [www.pack135.org](http://www.pack135.org). The Class 1 Medical and other forms may be downloaded from the site.
